

VELCRO[®] COMPATIBLE PANEL

USE FOR: Any lightweight material, such as:
Literature Holders
Drymount Photos or Signs
Posters
Available single-sided or double-sided (black only).

Slide horizontal bars through hems at top and bottom.

VELCRO[®] COMPATIBLE SLEEVE

SOLD IN PAIRS

USE FOR: Lightweight Posters
Foam Board
Gator Board
Anything that will accept a Velcro Hook attachment.

Attach hook/male strip of Velcro to fabric.

Attach Velcro hooks to Velcro compatible sleeve. Raise or lower uprights as needed for desired graphic height and tautness.

GOTCHA[®] GRIPPER AND CLIP

USE FOR: Paper
Posters
Photographic Paper
Light Fabrics
Handles graphics that are as thin as a plastic grocery bag (1/40mm) to as thick as a nickle (2mm).

Gotcha clip fastens the Gotcha Gripper to the Display One stand.

Snap Gotcha clip onto top and bottom horizontals. Use with either Messenger-X or DisplayONE Exhibit system.

Snap the Gotcha Gripper open and slide in the graphic.

© Gotcha is a registered trademark of Rose Displays.

CLAMPING CLIP

Sold in Packages of 8

USE FOR: Foam Board
Gator[™] Products
Sintra[®] Material
Fits substrates 1/8"-1/4" thick.

Snap circular end to horizontal bars and/or uprights.

Slide graphic into clamping end. You may need to extend the opening with your thumb. We suggest 2-3 clips at top and bottom and 2 on each side of graphic.
